Program Offerings

Member Benefits – Presented by Steve Eugene, NEA Member Benefits
Presentation and explanation of the member benefits program along with exhibits.

Organizing NOW! Our Legislative Agenda in Action – Presented by NJEA UniServ Field Staff from Regions 23, 25, and 27 and Government Relations Staff
Attendees will be updated on the status of our legislative agenda. Additionally, attendees will engage in on-the-spot action, such as making phone calls and social media posts, in support of our Ch. 78 Relief and ESP Job Justice campaign.

LGBTQ+ An Overview - Understanding sexual orientation and gender identity is key to reaching non-conforming students and providing a safe and successful learning environment. This learning experience will help educators develop an appreciation of the role issues of orientation and identity play in the lives of our students and develop strategies to support those students in their learning.

NJEA Perspective and Updates on Current Events – Presented by an NJEA Officer
The presenter will give an update on current events and issues.

Praising the Process – The Power and Pitfalls of Growth Mindset – Research has shown that a foundational aspect of developing our abilities and intelligence is nurturing a “growth mindset.” However, effective implementation is crucial to avoiding potential unintended consequences. Throughout this session, participants will explore growth and fixed mindset, strategies for successful implementation in the classroom, and cautions to avoid misinterpretation and misguided application of Carol Dweck’s work.

****Please note: To offer a pleasant and comfortable experience for all, only REGISTERED attendees will be permitted to enter workshops and partake in meals. Only those with badges will be admitted.**
